Subject: Techalloy Monthly Progress Report, March 2016

John--I have reviewed the March 2016 Monthly Progress Report for the Tecahhloy Facility in Union, Illinois. I have no comments on this document.

With regard the plan for the Geoprobe sampling. I have no objection to moving this sampling to June 2016 to coincide with the rest of the plume characterization. I have no other issues with this work plan as it now stands.
